- MOL offices
- Agency offices

The professional network of transit partners we have assembled over the years will ensure that your cargo is delivered **on time**, **on budget** and **in excellent condition**. We have the **capacity** to do whatever it takes to get the job done and the **flexibility** to meet your exclusive business objectives.

**Global Experience,
Knowledge & Expertise**

www.mol-logistics.com

MOL MOL Logistics (USA) Inc.

MOL Logistics,

part of Mitsui O.S.K. Lines, operates through a **global network** and continues to develop its **wide-ranging logistics** businesses all over the world, always working to create new value. As we **expand** our network and **enhance** our services on a global scale, we strive for **optimal solutions** to every customer's logistics needs, while forging **solid and trusting partnerships**.

Complete spectrum of logistics services:

Air Freight

We can handle every aspect of your air freight transport needs. Thanks to our **service flexibility** and **decades of experience** as air freight forwarders, we are able to meet your unique business needs. Whether you have time to schedule a shipment well in advance or only 6 hours to arrange for an urgently needed part to arrive halfway around the world, MOL Logistics USA can get the job done with precision accuracy. **We support every phase of the end to end supply chain.**

MOL Logistics USA is an IATA registered air freight forwarder and TSA approved indirect carrier.

Ocean Freight

We have many years of **experience** in the ocean freight shipping industry and are ready to put our years of **knowledge** to work for you. Regardless of the type of cargo you need to ship or the size of your business, MOL Logistics USA can create **custom solutions** to meet your exact requirements. We also specialize in handling **dangerous material** or **hazardous cargo** shipments.

Domestic & Cross Border Trucking

We offer **unique door to door, sealed trailer** services with **GPS tracking** on all shipments. Our solution eliminates the need for trans-load and provides the **safest, most secure and cost effective high-frequency** trucking services between Mexico, US and Canada.

Our **multilingual** and **highly knowledgeable** staff is familiar with boarding cross-transport procedures and ready to provide **best in class** customer service every step of the way.

Customs Brokerage

Our customs brokers are some of the industry's most experienced professionals. We provide **prompt clearance, expediting** local deliveries for your business and individual needs in every port of entry across the United States.

Our Customs Brokerage Department can prepare and submit the correct documentation, accurately determine your import duties and ensure your shipment is in **full compliance** with U.S. Customs rules and regulations.

Warehousing & Distribution

You can rely on MOL Logistics USA to be your partner in securing the **best** and **most efficient** warehousing & distribution services.

The services of our warehouse & distribution division include:

- cost savings by outsourcing warehouse & distribution facilities
- highly trained staff involved in inventory management, order picking and shipping, per your exact requirements
- highly accurate record for part picking and sorting
- bundling / unbundling
- packing, re-packing, re-boxing
- labeling
- total control over inventory with barcode technology
- completely secure, temperature-controlled facilities

Moving / Personal Effects

If your life plans or business needs call for you to make a move to another state or to a location around the world, MOL Logistics USA can be your **single source solution** for all of your moving / personal effects needs. **From getting you packed up to the delivery of your goods** at the new location, we can handle every detail of your moving journey. In line with our philosophy of protecting the environment, our services include collection and disposal of unnecessary packaging materials.

If your plans call for the use of **storage** during your move, we have plenty of clean, secure storage space available for both **short and long term** use.

MOL LOGISTICS USA

develops highly specialized industrial solutions to meet diverse customer needs.

PROJECT CARGO

MOL Logistics USA offers **integrated logistics management solutions** using all methods of transportation. we optimize transportation of **heavy weight cargo** and component parts using containerhips and conventional vessels offering various services such as packing, installation, import-export customs declaration, customs brokerage, pick-up and delivery.

HELICOPTER DIVISION

We have many years of experience shipping **fully assembled helicopters**, as well as **spare parts** from North America to locations all over the world. We are proud to have earned a **world-wide reputation for unmatched reliability and service quality.**

Aircraft manufacturers have put their **trust** in us to deliver their products in both the **civilian** and **governmental** arenas. We are known for our **outstanding, on time and damage free** deliveries. Our many years of experience also allows us to expertly obtain all necessary permits, licenses, documentation, equipment and manpower needed for a **successful** shipment.

FRESH SEAFOOD

Our highly specialized staff are **experts** in the transportation of fresh seafood, both locally and across the globe. From our Seattle, Alaska and Boston offices, we manage the **full logistical process** of shipping seafood. Many seafood processors and exporters have put their trust in us to ensure that their products reach their destinations **securely and fresh.**
